Executive Profile

Media Director, Creative Technologist & AI Systems Engineer with an exceptional hybrid background spanning **Cinematography, Audience Psychology, Scriptwriting, and Applied Information Technology (MICT)**. Proven track record of directing high-production video broadcasts, crafting viral storytelling hooks, operating professional cinema cameras across any hardware ecosystem, and architecting full-stack software and automation platforms. Founder of **MicTab.com** and on-camera host of **JunoverseAI** on YouTube. Combines deep creative direction (DaVinci Resolve, Adobe Creative Suite, Camera Optics) with formal logic and engineering execution.

Creative, Media & Technical Arsenal

Cinematography & Camera Mastery: Universal proficiency across all camera ecosystems (Cinema cameras, Mirrorless, DSLRs, Gimbals, Drones), lighting geometry (3-point studio, practical ambient), lens optics, color science, and wildlife photography. **Directing, Scriptwriting & Psychology:** Commercial advertisement directing, technical deep-dive scripting, retention curve optimization, 3-second hook engineering, cognitive persuasion, and viral storytelling. **Post-Production Suite:** DaVinci Resolve (advanced node-based color grading, LUT design, Fairlight audio mastering), Adobe Premiere Pro (high-paced NLE editing), Adobe After Effects (motion graphics, visual VFX hooks), Adobe Photoshop. **AI Systems & Automation:** Desktop AI application architecture (Electron/Node.js), Voice Agent Pipeline Engines, RAG architectures (Supabase pgvector), n8n workflow automation, Python (FastAPI), Cloudflare Workers (Hono.js). **Audience Growth & Distribution:** Omnichannel social automation (Meta Graph API, WhatsApp, Telegram), YouTube organic growth strategy, Amazon KDP digital publishing, Conversion Rate Optimization (CRO).

Directing, Media & Production Experience

JunoverseAI YouTube Studio Dhaka, Bangladesh
On-Camera Host, Director & Lead Producer 2024 – Present

- On-Camera Technical Presentation:** Hosted, scripted, and directed in-depth technical deep-dives on artificial intelligence, software tools, and digital filmmaking in fluent English for a global audience.
- Audience Retention & Hook Craft:** Engineered high-converting video hooks, dynamic pacing, and tension-and-release storytelling structures that maximize viewer watch time and algorithmic reach.
- End-to-End Post-Production:** Directed complete editing workflows utilizing DaVinci Resolve for broadcast-standard color grading and audio normalization, with custom After Effects motion graphics.
- Visual Branding & CTR:** Designed high-CTR composite thumbnail art and visual branding using Adobe Photoshop, driving strong organic click-through rates.
