Executive Profile

Creative Director, Content Creator & Business AI Automation Strategist with an extensive track record of producing viral video content, commercial advertisements, and implementing AI-driven growth systems for businesses. On-camera host of **JunoverseAI** on YouTube, educating a global audience on emerging technologies. Expert in **Cinematography, Scriptwriting, 3-Second Hook Engineering**, and **Consumer Psychology**. Combines hands-on visual storytelling (**DaVinci Resolve, Adobe Creative Suite, Canon 5D Mark III + 70-200mm f/2.8L**) with practical AI integration, multi-device distribution workflows, and offline business automation systems to maximize reach and drive business revenue.

Creative, Media & Business Automation Arsenal

Cinematography, Photography & Camera Mastery: Canon EOS 5D Mark III, Canon EF 70-200mm f/2.8L IS II USM, Canon 700D, commercial advertisement shooting, product staging, studio lighting geometry, optical framing, color science, and wildlife/portrait photography. **Scriptwriting, Storytelling & Hook Psychology:** Commercial ad scripting, deep-dive documentary research, 3-second hook design, viewer retention curve optimization, cognitive persuasion, and emotional narrative framing that maximizes organic reach and conversion. **Post-Production Suite:** DaVinci Resolve (node-based color grading, custom LUT design, Fairlight broadcast audio mastering), Adobe Premiere Pro (high-speed pacing), Adobe After Effects (motion graphics, kinetic typography, VFX hooks), Adobe Photoshop (high-CTR composite art). **Business AI Implementation & Offline Automation:** Integrating AI tools into business workflows, deploying offline and local AI solutions, streamlining customer communication, and designing automated operational pipelines that eliminate bottlenecks. **Social Media Growth & Multi-Device Workflows:** Multi-account social media distribution, automated messaging pipelines (Meta, WhatsApp, Telegram), device matrix management for scale testing, YouTube organic growth strategy, and Amazon KDP publishing.

Media, Content Creation & Directing Experience

JunoverseAI Media Studio

Dhaka, Bangladesh

Lead Content Creator, On-Camera Host & Producer

2024 – Present

- On-Camera Tech Hosting & Education:** Scripted, hosted, and produced high-retention technical deep-dives and AI breakdowns in fluent English, building a dedicated global viewership.
- Hook Engineering & Retention Mastery:** Designed viral storytelling frameworks, dynamic visual pacing, and tension-and-release arcs that maintain above-average watch times across YouTube and short-form platforms.
- End-to-End Post-Production Ownership:** Managed full editing, multi-track audio design, color grading, and custom motion graphics using DaVinci Resolve and Adobe Creative Suite.
- High-CTR Packaging:** Designed high-converting composite thumbnails and promotional graphics in Photoshop, achieving consistently strong organic click-through rates.

Independent Operations / Amazon KDP

Dhaka, Bangladesh

Commercial Cinematographer & Digital Specialist

2021 – 2023

- Produced commercial advertisement and wildlife photography portfolios using Canon telephoto systems, mastering lighting geometry, depth-of-field separation, and visual aesthetics.
- Scaled digital content publishing workflows, metadata optimization, and publication asset pipelines in the Amazon Kindle Direct Publishing (KDP) ecosystem.

Business AI Implementation & Creative Ventures

JunoverseAI & AutometaBot Platforms

Dhaka, Bangladesh

Creative Technologist & Growth Partner

2023 – Present

[leftmargin=1.2em, itemsep=2pt]

- **Business AI Integration:** Designed tailored AI workflow implementations and offline automation setups for businesses, helping non-technical teams automate repetitive tasks and 10x operational speed.
- **Social Media Automation (AutometaBot):** Architected multi-channel social communication systems connecting Facebook, Instagram, WhatsApp, and Telegram for automated lead capture and comment replies.
- **Creator Productivity Platform (MicTab.com):** Designed the visual UI/UX and voice dictation workflow for MicTab, empowering creators to produce content faster.
- **AI Learning Platform (PeeAI.com):** Founded PeeAI to provide accessible AI training and digital workflow tutorials.
